intro to throwing on the wheel

Learn the basics of throwing on the potter's wheel: from master the cylinder, to mug, bowl, plates and more. Designed for beginners and returning enthusiasts, instruction will be tailored to the class abilities and desired outcomes of the group. Students keep all items and are encouraged to participate in the 'Empty Bowls' fundraiser; contributing one handmade bowl to benefit our homeless population. The classroom is located outside but is under shelter; dress accordingly. The potter's wheels are primarily manual and require kicking; only 2 electric wheels are accessible. Limited to 15 students per class.
