In the spring of 2011, SLCUSD adopted its ten Initiatives for Student Success. In 2013-14, the State of California implemented the Local Control Funding Formula (LCFF) and Local Control Accountability Plan (LCAP). We used them to help focus our Initiatives to support the state's goals. In the current year, our focus areas will be:

**FOCUS AREA 1:** Develop a world-class mathematics program

**FOCUS AREA 2:** Strengthen district-wide English-language Arts/Literacy program

**FOCUS AREA 3:** Develop a world-class STEAM program

**FOCUS AREA 4:** Create an intentional culture of care and intervention

**FOCUS AREA 5:** Technology and Innovation

**FOCUS AREA 6:** Establish a data-rich culture

## I. Data and Access

*Ed-Data* is a partnership of the CDE, EdSource, and the Fiscal Crisis and Management Assistance Team (FCMAT) that provides extensive financial, demographic, and performance information about California's public kindergarten through grade twelve school districts and schools.

*DataQuest* is an online data tool located at <http://dg.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., Academic Performance Index (API), Adequate Yearly Progress (AYP), test data, enrollment, graduates, dropouts, course enrollments, staffing, and data regarding English learners.

*Internet Access* is available at public libraries and other locations that are publicly accessible; e.g., the California State Library. Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions include the hours of operation, the length of time that a workstation may be used, depending on availability, the types of software programs available on a workstation, and the ability to print documents.

## II. About Hawthorne Elementary School

### School Description and Mission Statement

Hawthorne Elementary is a wonderful school nestled right in the heart of San Luis Obispo. Its beautiful clock tower beckons to our families and our community. We have a safe and supportive learning environment with an enthusiastic staff. Teachers at Hawthorne take pride in ensuring that the social, emotional, and academic needs of all students are met. In 2006, Hawthorne was honored as a California "Top Performing School." In the 2013 – 2014 school year, Hawthorne became one of the top 10% Title I schools in the state of California. The Hawthorne Elementary community produces students who are successful learners and make positive contributions to our community. We have high expectations for all students and for ourselves. We expect all students to be successful in reaching or surpassing their grade level standards of proficiency. We promote and develop social and emotional well-being. Teachers, staff, administration, parents, and the community are dedicated to these endeavors.

### Opportunities for Parental Involvement

Parents are key to our success at Hawthorne. Parents volunteer in classrooms, serve on several school and district committees, and chaperone activities and field trips. Parents also help plan many of our special functions that our students enjoy. Parents are also represented on our Leadership Team and the School Site Council. We have a very active and positive PTA and ELAC parent group which provides our school with parent input to key school issues and programs. For further information regarding parental involvement opportunities, please contact the principal, James McMillen, at 805-596-4070.

### III. School Climate

#### School Safety Plan

Hawthorne School has a comprehensive safety program that is current and effective. Our campus is very safe and monthly safety topics are reviewed by staff. Our safety plan is practiced and staff is aware of its inner workings. The school's plan was last updated in August 2015 and reviewed with the School Site Council and staff in September 2015.

#### Suspensions and Expulsions

This table displays the rate of suspensions and expulsions (the total number of incidents divided by the total enrollment) at the school and district levels for the most recent three-year period.

### IV. School Facilities

#### Facility Conditions and Planned Improvements

The district takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the district uses a facility survey instrument developed by the State of California Office of Public School Construction. The results of this survey are available at the Buildings, Grounds and Transportation office. Following is more specific information on the condition of the school and the efforts made to ensure that students are provided with a clean, safe, and functional learning environment.

#### Age of School Buildings

Hawthorne School has 23 classrooms, a multipurpose room, a library and an office. The main campus was built in 1962; and an addition was constructed in 1998.

#### Maintenance and Repair

The district maintenance staff ensures that repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority. Many of our facilities were rehabilitated as part of our Measure A Building Program which began in 1996. District facilities are in very good shape.

#### Cleaning Process and Schedule

The Board of Education has adopted cleaning standards for all schools in the district. A summary of these standards is available at Buildings, Grounds and Transportation. The principal works daily with the custodial staff to develop cleaning schedules to ensure a clean and safe school.

#### Deferred Maintenance Budget

The district participates in the State School Deferred Maintenance Program, which is one of the programs included in SBX34 and is allowed the flexibility to be used for any educational purpose. The District has continued using the state funding to assist school districts with expenditures for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems.

#### Deferred Maintenance Projects

The complete deferred maintenance plan, approved by the Board of Education, is available at the Buildings, Grounds and Transportation office.

#### School Facility Good Repair Status

This table displays the results of the most recently completed school site inspection.

## IX. Student Performance

Please note scores are not shown when the number of students tested is 10 or less, either because the number of students in this category is too small for statistical accuracy, or to protect student privacy. In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of an individual student.

### California Assessment of Student Performance and Progress Results for All Students (School Year 14-15)

Subject	Percent of Students Meeting or Exceeding the State Standards		
	School	District	State
English Language Arts/Literacy (grades 3-8 and 11)	45%	59%	44%
Mathematics (grades 3-8 and 11)	40%	50%	33%

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

### CAASPP Assessment Results – English Language Arts (ELA)

#### Disaggregated by Student Groups, Grades Three through Eight and Eleven (School Year 14-15)

##### ELA – Grade 3

Student Groups	Total Enrollment	Number Tested	Percent Tested	Percent Achievement Level 1*	Percent Achievement Level 2*	Percent Achievement Level 3*	Percent Achievement Level 4*

Double dashes – appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes students that did not receive a score; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using students with scores.

\*Level 1 – Standard not met

Level 2 = Standard nearly met

Level 3 = Standard met

Level 4 = Standard exceeded

## X. Accountability

### Adequate Yearly Progress

The federal NCLB Act requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state's standards-based assessments in English-language arts (ELA) and mathematics;
- Percent proficient on the state's standards-based assessments in ELA and mathematics;
- API as an additional indicator; and
- Graduation rate for secondary schools.

Detailed information about AYP, including participation rates and percent proficient results by student group, can be found at the AYP Web page at <http://www.cde.ca.gov/ta/ac/ay/>.

### AYP Overall and by Criteria (2014-2015)

This table displays an indication of whether the school and the district made AYP overall and whether the school and the district met each of the AYP criteria.

AYP Criteria	School	District
Overall		
Participation Rate - English-Language Arts		
Participation Rate - Mathematics		
Percent Proficient - English-Language Arts		
Percent Proficient - Mathematics

### Federal Intervention Program (2015-2016)

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (English-language arts or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. Detailed information about PI identification can be found at the AYP Web page at <http://www.cde.ca.gov/ta/ac/ay/>.

Indicator	School	District

## XI. Instructional Planning and Scheduling

### Professional Development

The district funds an extensive professional development program using federal Title I Professional Development funds, Title II Teacher Quality funds, Title III Limited-English-Proficient funds, district funds, and site monies. All staff members have access to the comprehensive Professional Development Calendar that is developed annually.

The district's focus for staff development has been concentrated in the areas of Common Core State Standards, assessment, writing, mathematics, reading and mathematics interventions, Career Technical Education support for high quality classroom instruction with a new exploration of the Next Generation Science Standards. Although most of our students are achieving at high levels, some of our student populations are not. This data has provided the impetus for our District Initiatives and staff development. Professional development days are scheduled annually to provide needed training.

Various methods of support are provided to assist teachers with the implementation of professional development goals, including the following:

- Weekly collaboration time for all teachers;
- Release time using substitutes;
- Student performance data reports available in illuminate;
- Assistance from EL Specialists, Instructional Coaches, and Teachers-on-Special Assignment.

Professional development days are scheduled annually to provide training on specific curricular areas, and/or assessment.

*The School Accountability Report Card (SARC), required by law to be published annually, contains information about the condition and performance of each California public school. More information about SARC requirements is available on the SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>. For additional information about this school, parents and community members should contact the school principal or the district office.*
