

**PRESENTATION TEMPLATE:**  
**(PRESENTED AT NEXT STUDENT SENATE MEETING - APRIL 12)**

**SITE: LAMS**

**KEEP DOING:**

Clubs that help students feel welcomed, late start Mondays, enforcing school rules.

**IMPROVEMENT AREAS:**

Vegetarian food options, sport grade requirements, clearer dress code.

**TOP PRIORITIES FOR 2017-2018:**

Improving teacher communication & adding feminine supplies in bathrooms, bilingual teachers. Laguna is a large school with lots of technology. I believe that the best way to get more information on these topics is to hold an online survey. The time needed for the survey could be added to the time it takes for vocab. In first period. A suggestion that I have is to have a document or something on the LAMS website where teachers enter any big assignments or tests so there are not classes that have overlapping assignments. This would eliminate stress due to many assignments and test in different classes. LAMS/LOMS Both schools seem to have many different areas of improvement. A suggestion that I would have is to have more teacher workshops with collaboration between LAMS & LOMS teachers. I find that LAMS teachers are very easy to talk to and will greatly help you if you need help. According to the survey LOMS teachers are different in that they aren't as willing to help students outside of class. If these teachers were to collaborate with each other this problem could be eliminated.
