The State of California's goals for public education are embedded in the Local Control Funding Formula and Local Control Accountability Plan, adopted in 2013-14. San Luis Coastal Unified School District, in 2011, adopted its own Initiative for Student Success. We support the State's goals by drawing six focus areas from these initiatives:

- FOCUS AREA 1:** Develop a world-class mathematics program
- FOCUS AREA 2:** Strengthen district-wide English-language Arts/Literacy program
- FOCUS AREA 3:** Develop a world-class STEAM program
- FOCUS AREA 4:** Create an intentional culture of care and intervention
- FOCUS AREA 5:** Technology and Innovation
- FOCUS AREA 6:** Establish a data-rich culture

I. Data and Access

Ed-Data is a partnership of the CDE, EdSource, and the Fiscal Crisis and Management Assistance Team (FCMAT) that provides extensive financial, demographic, and performance information about California's public kindergarten through grade twelve school districts and schools.

DataQuest is an online data tool located at <http://dg.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., Academic Performance Index (API), Adequate Yearly Progress (AYP), test data, enrollment, graduates, dropouts, course enrollments, staffing, and data regarding English learners.

Internet Access is available at public libraries and other locations that are publicly accessible; e.g., the California State Library. Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions include the hours of operation, the length of time that a workstation may be used, depending on availability, the types of software programs available on a workstation, and the ability to print documents.

II. About Morro Bay High School

School Description and Mission Statement

Established in 1959, Morro Bay High School has been an integral part of our coastal community for more than 50 years. Morro Bay, once a quiet fishing town, and Los Osos, a bedroom community to San Luis Obispo, have transformed into vital socioeconomic centers of their own. Morro Bay High School is part of the San Luis Coastal Unified School District, a district with ten elementary schools (one charter school), two middle schools, two comprehensive high schools, and one continuation high school. Morro Bay High School's 43-acre campus is unique in that it is one of only a few schools in the country bordering the Pacific Ocean. Morro Bay High is a four-year comprehensive high school, with a student population of 867 (CBEDS 2014-2015).

The mission of Morro Bay High School is to challenge each student to achieve his or her maximum potential in the areas of academics, critical thinking, occupational skills, social development, and personal growth. Upon graduation, "students will be capable of making responsible choices for a productive and satisfying life." Morro Bay High School is a 2005 and 2009 California Distinguished School, a 2006 National Blue Ribbon School, and was named by *U.S. News & World Report* as one of America's Best High Schools for 2008, 2009, and 2010.

Opportunities for Parental Involvement

Parent support at MBHS is well established. Numerous booster organizations offer invaluable financial support to curricular as well as extracurricular, and special needs programs. Our four parent booster clubs are: Aggie Backers, Athletic Boosters, Blue and White, and the Music Boosters. MBHS and our district have benefited from TEACH (The Endowment for the Advancement of Children), whose purpose is to foster excellence in the San Luis Coastal United School District by providing grants for special classroom projects and materials that benefit students.

Parents serve as members of our School Site Council, with one of its main tasks being to oversee the Single Plan for Student Achievement. Parents were actively involved in writing our WASC (Western Association of Schools and Colleges) report and action plans. MBHS received a six-year accreditation with a three-year review, which is the highest level of accreditation granted by WASC. Parents have an opportunity to attend our Back to School and Open House events each year. Parents know that they are a vital part of the school community. They know that the teaching staff is accessible and concerned about their needs. Parents, students and staff take a yearly survey, and our entire staff reviews the results. For further information concerning parental involvement, please contact our Assistant Principal, Mr. Sean Allstot, at 805-771-1845 ext. 2905.

III. School Climate

School Safety Plan

Morro Bay High School has five essential key elements towards safety: yearly updated plan, safety practice and inservices for all onsite staff, confidential phone tree, coordination with Morro Bay City and San Luis Obispo County emergency safety/disaster officials, and practice emergency procedures each school year on campus. The plan was last updated in February 2016, and reviewed with staff in March 2016.

Suspensions and Expulsions

This table displays the rate of suspensions and expulsions (the total number of incidents divided by the total enrollment) at the school and district levels for the most recent three-year period.

Rate	School		District	
	2013-14	2014-15	2013-14	2014-15
Suspensions	9.47%	8.59%	4.05%	4.37%
Expulsions	0.12%	0.11%	0.11%	0.01%

IV. School Facilities

Facility Conditions and Planned Improvements

The District extends great efforts to maintain the schools in a manner that ensures that they are clean, safe, and functional. To assist in this effort, the district uses a facility survey instrument, with all potential problems related to safety reported and monitored for completion by site administration and the Building, Grounds, and Transportation Department. Information about this evaluation can be found for all sites at <http://www.slcsd.org/fmp/index.html>. High School planned improvements include classroom renovations, student centers, pools and support buildings as well as cafeteria and kitchen expansions. The following is a list of projects at the High Schools: renovate classrooms campus-wide, renovate restrooms campus-wide, Library renovation, new student support center, Cafeteria and kitchen expansion, STEAM (industrial arts) complex renovation, pool and support building, MPR/performance space, gym and locker room improvements, renovate plaza / quad area, new all-weather track, and refurbish/expand tennis courts.

The following is specific information on the condition of the school and the efforts made to ensure that students are provided a clean, safe, functional learning environment.

Age of School Buildings

Morro Bay High School has 60 classrooms, a multi-purpose room, two gymnasiums, locker rooms, a library and an office. The main campus was built in 1960; additions were constructed in 1962, 1964 and 1980.

Maintenance and Repair

The District maintenance staff ensures that repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is utilized to ensure efficient service, and ensures that emergency repairs are given the highest priority. Many of our facilities are being modernized as part of the District Measure D program enacted in 2014.

Cleaning Process and Schedule

The Board of Education has adopted cleaning standards for all schools in the district. A summary of these standards is available at Buildings, Grounds and Transportation. The principal works daily with the custodial staff to develop cleaning schedules to ensure a clean and safe school.

Deferred Maintenance Budget

The district utilizes a deferred maintenance plan that is funded by an annual percentage from the District general fund. The District uses the funding to assist schools with expenditures for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems.

Deferred Maintenance Projects

The complete deferred maintenance plan is available at the Buildings, Grounds and Transportation office.

IX. Student Performance

Please note scores are not shown when the number of students tested is 10 or less, either because the number of students in this category is too small for statistical accuracy, or to protect student privacy. In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of an individual student.

English Learners	--	--	--	--
Students with Disabilities	24	21	88%	29%

Note: ELA/Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAAs divided by the total number of students who participated in both assessments.

Double dashes – appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

X. Accountability

Federal Intervention Program (2016-17)

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (English-language arts or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. Detailed information about PI identification can be found at the AYP Web page at <http://www.cde.ca.gov/ta/ac/ay/>.

XI. School Completion and Postsecondary Preparation

Admission Requirements for California Public Universities

University of California

Admission requirements for the University of California (UC) follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements please visit the [University of California Web site, https://www.universityofcalifornia.edu](https://www.universityofcalifornia.edu).

California State University

Admission requirements for the California State University (CSU) use three factors to determine eligibility. They are specific high school courses; grades in specified courses and test scores; and graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses utilize local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For general admissions requirements please visit the [California State University Web site, http://www.calstate.edu/admission/](http://www.calstate.edu/admission/).

Professional Development

The district funds a development program using federal Title I Professional Development funds, Title II Teacher Quality funds, Title III Limited-English-Proficient funds, district funds, and site monies. All staff members have access to the comprehensive Professional Development Calendar that is developed annually.

The district's focus for staff development has been concentrated in the areas of Common Core State Standards, assessment, writing, mathematics, reading and mathematics interventions, Career Technical Education support for high quality classroom instruction with a new exploration of the Next Generation Science Standards. Although most of our students are achieving at high levels, some of our student populations are not. This data has provided the impetus for our District Initiatives and staff development.

Various methods of support are provided to assist teachers with the implementation of professional development goals, including the following:

- Weekly collaboration time for all teachers;
- Release time using substitutes;
- Student performance data reports available in illuminate;
- Assistance from EL Specialists, Instructional Coaches, and Teachers-on-Special Assignment.

Professional development days are scheduled annually to provide training on specific curricular areas, and/or assessment.

The School Accountability Report Card (SARC), required by law to be published annually, contains information about the condition and performance of each California public school. More information about SARC requirements is available on the SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>. For additional information about this school, parents and community members should contact the school principal or the district office.
