In the spring of 2011, SLCUSD adopted its ten [Initiatives for Student Success](#). The State of California implemented the Local Control Funding Formula (LCFF) and [Local Control Accountability Plan](#) (LCAP) in 2014, we used them to help focus our Initiatives to support the state's goals. For 2014-2015, our focus areas will be:

- FOCUS AREA 1:** SLCUSD students will achieve substantial academic gains in mathematics.
- FOCUS AREA 2:** SLCUSD students will achieve substantial academic gains in English-Language Arts and Literacy.
- FOCUS AREA 3:** SLCUSD will provide student access to a world-class STEAM (Science Technology Engineering Arts and Math) and CTE (Career Tech Elective) program.
- FOCUS AREA 4:** SLCUSD will create an intentional culture of care, intervention, and support for all students.
- FOCUS AREA 5:** SLCUSD will expand technology and promote innovation in order to provide student access to personalized learning and to prepare for college and career readiness.
- FOCUS AREA 6:** SLCUSD will strengthen use of data cycle to improve academic achievement.

## I. Data and Access

*Ed-Data* is a partnership of the CDE, EdSource, and the Fiscal Crisis and Management Assistance Team (FCMAT) that provides extensive financial, demographic, and performance information about California's public kindergarten through grade twelve school districts and schools.

*DataQuest* is an online data tool located at <http://dg.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., Academic Performance Index (API), Adequate Yearly Progress (AYP), test data, enrollment, graduates, dropouts, course enrollments, staffing, and data regarding English learners.

*Internet Access* is available at public libraries and other locations that are publicly accessible; e.g., the California State Library. Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions include the hours of operation, the length of time that a workstation may be used, depending on availability, the types of software programs available on a workstation, and the ability to print documents.

### School Description and Mission Statement

Pacific Beach High School (PBHS) is a Western Association of Schools and Colleges (WASC) accredited continuation high school and a Model Continuation High School serving students from within the San Luis Coastal Unified School District. Our mission is to recognize that each student is an individual with different needs, learning styles, and talents. The school is committed to provide the highest quality programs and services to our students that will contribute to personal, career and educational success, with the expectation that they become productive, self-sufficient members of society.

### Opportunities for Parental Involvement

Parents at Pacific Beach High School are invited to serve on the school's Site Council and are welcomed in classrooms as observers and/or volunteers. Parents are also invited to lend their time and efforts on field trips, special events, and graduation. For further information concerning parental involvement, please contact the principal at 805-596-4023. Families also attend a number of picnic events over the course of the school year, including Back-to-School Night, the Holiday Feast and Open House.

## III. School Climate

### School Safety Plan

The PBHS School Safety Plan identifies appropriate strategies and programs that will provide or maintain a high level of school safety and address procedures for complying with existing laws and Senate Bill 187. Safety and positive behavior are reinforced at PBHS.

The Safe School Plan is reviewed annually and incorporates clear rules and consequences, comprehensive supervision, and preventative health and safety programs. Emergency procedures are in place to allow for situations that occur while students are on campus. Nuclear emergency response, lockdown, fire, and earthquake drills are conducted each year. The School's Safety Plan was last updated and reviewed with staff in October, 2014.

### Suspensions and Expulsions

This table displays the rate of suspensions and expulsions (the total number of incidents divided by the total enrollment) at the school and district levels for the most recent three-year period.

## IV. School Facilities

### Facility Conditions and Planned Improvements

The district takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the district uses a facility survey instrument developed by the State of California Office of Public School Construction. The results of this survey are available at the Buildings, Grounds and Transportation office.

Following is more specific information on the condition of the school and the efforts made to ensure that students are provided with a clean, safe, and functional learning environment.

### Age of School Buildings

Pacific Beach High School has 4 classrooms, a computer lab, a multipurpose room, a library and an office. The current site was established in 1979 by relocating facilities built in 1938.

### Maintenance and Repair

The district maintenance staff ensures that repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority. Many of our facilities were rehabilitated as part of our Measure A Building Program which began in 1996. District facilities are in very good shape.

### School Facility Good Repair Status

This table displays the results of the most recently completed school site inspection to determine the school facility's good repair status.

System Inspected	Repair Needed and			
	Good	Fair	Poor	Action Taken or Planned
<b>Systems:</b> Gas Leaks, Mechanical/HVAC, Sewer	✓			Action taken or planned is tracked with School Preventative Maintenance Management (SPMMS)

### Cleaning Process and Schedule

The Board of Education has adopted cleaning standards for all schools in the district. A summary of these standards is available at Buildings, Grounds and Transportation. The principal works daily with the custodial staff to develop cleaning schedules to ensure a clean and safe school.

### Deferred Maintenance Budget

The district participates in the State School Deferred Maintenance Program, which is one of the programs included in SBX34 and is allowed the flexibility to be used for any educational purpose. The District has continued using the state funding to assist school districts with expenditures for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems.

### Deferred Maintenance Projects

The complete deferred maintenance plan, approved by the Board of Education, is available at the Buildings, Grounds and Transportation office.

## IX. Student Performance

*Please note scores are not shown when the number of students tested is 10 or less, either because the number of students in this category is too small for statistical accuracy, or to protect student privacy. In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of an individual student.*

### California Standards Tests

The California Standards Tests (CSTs) show how well students are doing in science in grades 5, 8, 9, 10, and 11. Student scores are reported as performance levels. Detailed information regarding CST results for each grade and performance level, including the percent of students not tested, can be found on the Standardized Testing and Reporting (STAR) Results Web page at <http://star.cde.ca.gov>.

California Modified Assessment (CMA), an alternate assessment that is based on modified achievement standards in ELA for grades three through eleven; mathematics for grades three through seven, Algebra I, and Geometry; and science in grades five and eight, and Life Science in grade ten. The CMA is designed to assess those students whose disabilities preclude them from achieving grade-level proficiency on an assessment of the California content standards with or without accommodations.

California Alternate Performance Assessment (CAPA) includes ELA and mathematics in grades two through eleven, and science for grades five, eight, and ten. The CAPA is given to those students with significant cognitive disabilities whose disabilities prevent them from taking either the CSTs with accommodations or modifications or the CMA with accommodations.

The assessments under the STAR Program show how well students are doing in relation to the state content standards. On each of these assessments, student scores are reported as performance levels.

For detailed information regarding the STAR Program results for each grade and performance level, including the percent of students not tested, see the CDE STAR Results Web site at <http://star.cde.ca.gov>.

### CST Results for All Students – Three-Year Comparison

## California High School Exit Examination

The California High School Exit Examination (CAHSEE) is primarily used as a graduation requirement. However, the grade 10 results of this exam are also used to establish the percentages of students at three proficiency levels (not proficient, proficient, or advanced) in ELA and mathematics in order to compute Adequate Yearly Progress (AYP) Adequate Yearly Progress (AYP) designations as required by the federal NCLB Act of 2001. Detailed information regarding CAHSEE results can be found at the CAHSEE Web site at <http://cahsee.cde.ca.gov/>.

## Adequate Yearly Progress

The federal NCLB Act requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state's standards-based assessments in English-language arts (ELA) and mathematics;
- Percent proficient on the state's standards-based assessments in ELA and mathematics;

After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. Detailed information about PI identification can be found at the AYP Web page at <http://www.cde.ca.gov/ta/ac/ay/>.

## XI. School Completion and Postsecondary Preparation

### Admission Requirements for California Public Universities

#### University of California

Admission requirements for the University of California (UC) follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements please visit the [University of California](http://www.universityofcalifornia.edu/admissions/general.html) Web site, <http://www.universityofcalifornia.edu/admissions/general.html>

#### California State University

Admission requirements for the California State University (CSU) use three factors to determine eligibility. They are specific high school courses; grades in specified courses and test scores; and graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses utilize local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For general admissions requirements please visit the [California State University](http://www.calstate.edu/admission/) Web site, <http://www.calstate.edu/admission/>.

### Dropout Rate and Graduation Rate

This table displays the school's one-year dropout rates and graduation rates for the most recent three-year period for which data is available. For comparison purposes, data are also provided at the district and state levels. Detailed information about dropout rates and graduation rates can be found at <http://dq.cde.ca.gov/dataquest/>.

## Completion of High School Graduation Requirements

Students in California public schools must pass both the English-language arts and mathematics portions of the California High School Exit Examination (CAHSEE) to receive a high school diploma. For students who began the 2012-13 school year in the 12<sup>th</sup> grade, as evidenced by that school year's October CBEDS enrollment, this table displays by student group the percent who met all state and local graduation requirements for grade 12 completion, including having passed both portions of the CAHSEE or received a local waiver or state exemption. Detailed information about the CAHSEE can be found at the CAHSEE Web page at <http://www.cde.ca.gov/ta/tg/hs/>.

## XII. Instructional Planning and Scheduling

### Professional Development

The district has funded an extensive professional development program using federal Title I Professional Development funds, Title II Teacher Quality funds, Title III Limited-English-Proficient funds, district funds, and site monies. All staff members have access to the comprehensive Professional Development Calendar that is developed annually.

The district's focus for staff development has been concentrated in the areas of Common Core State Standards, assessment, writing, mathematics, reading and mathematics interventions, and support for high quality classroom instruction. Although most of our students are achieving at high levels, some of our student populations are not. This data has provided the impetus for our District Initiatives and staff development. Professional development days are scheduled annually to provide needed training.

Various methods of support are provided to assist teachers with the implementation of professional development goals, including the following:

- Weekly collaboration time for all teachers;
- Release time using substitutes;
- Student performance data reports available in Illuminate;
- Assistance from EL Specialists, Instructional Coaches, and Teachers-on-Special Assignment.

Professional development days are scheduled annually to provide training on specific curricular areas, and/or assessment.

*The School Accountability Report Card (SARC), required by law to be published annually, contains information about the condition and performance of each California public school. More information about SARC requirements is available on the SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>. For additional information about this school, parents and community members should contact the school principal or the district office.*
