In the spring of 2011, SLCUSD adopted its ten Initiatives for Student Success. In 2013-14, the State of California implemented the Local Control Funding Formula (LCFF) and Local Control Accountability Plan (LCAP). We used them to help focus our Initiatives to support the state's goals. In the current year, our focus areas will be:

- FOCUS AREA 1:** Develop a world-class mathematics program
- FOCUS AREA 2:** Strengthen district-wide English-language Arts/Literacy program
- FOCUS AREA 3:** Develop a world-class STEAM program
- FOCUS AREA 4:** Create an intentional culture of care and intervention
- FOCUS AREA 5:** Technology and Innovation
- FOCUS AREA 6:** Establish a data-rich culture

I. Data and Access

Ed-Data is a partnership of the CDE, EdSource, and the Fiscal Crisis and Management Assistance Team (FCMAT) that provides extensive financial, demographic, and performance information about California's public kindergarten through grade twelve school districts and schools.

DataQuest is an online data tool located at <http://dg.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, *DataQuest* is a dynamic system that provides reports for accountability (e.g., Academic Performance Index (API), Adequate Yearly Progress (AYP), test data, enrollment, graduates, dropouts, course enrollments, staffing, and data regarding English learners.

Internet Access is available at public libraries and other locations that are publicly accessible; e.g., the California State Library. Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions include the hours of operation, the length of time that a workstation may be used, depending on availability, the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement

Pacific Beach High School (PBHS) is a Western Association of Schools and Colleges (WASC) accredited continuation high school serving students from within the San Luis Coastal Unified School District. Our mission is to recognize that each student is an individual with different needs, learning styles, and talents. The school is committed to provide the highest quality programs and services to our students that will contribute to personal, career and educational success, with the expectation that they become productive, self-sufficient members of society.

Opportunities for Parental Involvement

Parents at Pacific Beach High School are invited to serve on the school's Site Council and are welcomed in classrooms as observers and/or volunteers. Parents are also invited to lend their time and efforts on field trips, special events, and graduation. For further information concerning parental involvement, please contact the principal at 805-596-4023. Families also attend a number of picnic events over the course of the school year, including Back-to-School Night, the Holiday Feast and Open House.

III. School Climate

School Safety Plan

The PBHS School Safety Plan identifies appropriate strategies and programs that will provide or maintain a high level of school safety and address procedures for complying with existing laws and Senate Bill 187. Safety and positive behavior are reinforced at PBHS.

The Safe School Plan is reviewed annually and incorporates clear rules and consequences, comprehensive supervision, and preventative health and safety programs. Emergency procedures are in place to allow for situations that occur while students are on campus. Nuclear emergency response, lockdown, fire, and earthquake drills are conducted each year. The School's Safety Plan was last updated and reviewed with staff in October, 2015.

Suspensions and Expulsions

This table displays the rate of suspensions and expulsions (the total number of incidents divided by the total enrollment) at the school and district levels for the most recent three-year period.

Rate	School			District		
	2012-13	2013-14	2014-15	2012-13	2013-14	2014-15

Expulsions	0%	0%	0%	0.25%	0.01%	0.14%

IV. School Facilities

Facility Conditions and Planned Improvements

The district takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the district uses a facility survey instrument developed by the State of California Office of Public School Construction. The results of this survey are available at the Buildings, Grounds and Transportation office.

Following is more specific information on the condition of the school and the efforts made to ensure that students are provided with a clean, safe, and functional learning environment.

Age of School Buildings

Pacific Beach High School has 4 classrooms, a computer lab, a multipurpose room, a library and an office. The current site was established in 1979 by relocating facilities built in 1938.

Maintenance and Repair

The district maintenance staff ensures that repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority. Many of our facilities were rehabilitated as part of our Measure A Building Program which began in 1996. District facilities are in very good shape.

School Facility Good Repair Status

This table displays the results of the most recently completed school site inspection to determine the school facility's good repair status.

For more information, see the CDE *Improving Teacher and Principal Quality* Web page at: <http://www.cde.ca.gov/nclb/sr/tq/>.

California High School Exit Examination

The California High School Exit Examination (CAHSEE) is primarily used as a graduation requirement. However, the grade 10 results of this exam are also used to establish the percentages of students at three proficiency levels (not proficient, proficient, or advanced) in ELA and mathematics in order to compute Adequate Yearly Progress (AYP) Adequate Yearly Progress (AYP) designations as required by the federal NCLB Act of 2001. Detailed information regarding CAHSEE results can be found at the CAHSEE Web site at <http://cahsee.cde.ca.gov/>.

X. Accountability

Adequate Yearly Progress

The federal NCLB Act requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state's standards-based assessments in English-language arts (ELA) and mathematics;
- Percent proficient on the state's standards-based assessments in ELA and mathematics;
- API as an additional indicator; and
- Graduation rate for secondary schools.

Detailed information about AYP, including participation rates and percent proficient results by student group, can be found at the AYP Web page at <http://www.cde.ca.gov/ta/ac/ay/>.

AYP Overall and by Criteria (2014-2015)

This table displays an indication of whether the school and the district made AYP overall and whether the school and the district met each of the AYP criteria.

AYP Criteria	School	District
Overall	No	No data for 2014-2015
Participation Rate - English-Language Arts	100%	
Participation Rate - Mathematics	100%	
Percent Proficient - English-Language Arts	*	
Percent Proficient - Mathematics	*	
Met Attendance Rate	No	

Federal Intervention Program (2015-16)

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (English-language arts or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. Detailed information about PI identification can be found at the AYP Web page at <http://www.cde.ca.gov/ta/ac/ay/>.

Percent of Schools Currently in Program Improvement		37.5%

XI. School Completion and Postsecondary Preparation

Admission Requirements for California Public Universities

University of California

Admission requirements for the University of California (UC) follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements please visit the [University of California](http://www.universityofcalifornia.edu/admissions/general.html) Web site, <http://www.universityofcalifornia.edu/admissions/general.html>

California State University

Admission requirements for the California State University (CSU) use three factors to determine eligibility. They are specific high school courses; grades in specified courses and test scores; and graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses utilize local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For general admissions requirements please visit the [California State University](http://www.calstate.edu/admission/) Web site, <http://www.calstate.edu/admission/>.

Dropout Rate and Graduation Rate

This table displays the school's one-year dropout rates and graduation rates for the most recent three-year period for which data is available. Professional development days are scheduled annually to provide needed training.

Various methods of support are provided to assist teachers with the implementation of professional development goals, including the following:

- Weekly collaboration time for all teachers;
- Release time using substitutes;
- Student performance data reports available in illuminate;
- Assistance from EL Specialists, Instructional Coaches, and Teachers-on-Special Assignment.

Professional development days are scheduled annually to provide training on specific curricular areas, and/or assessment.

The School Accountability Report Card (SARC), required by law to be published annually, contains information about the condition and performance of each California public school. More information about SARC requirements is available on the SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
