In the spring of 2011, SLCUSD adopted its ten Initiatives for Student Success. In 2013-14, the State of California implemented the Local Control Funding Formula (LCFF) and Local Control Accountability Plan (LCAP). We used them to help focus our Initiatives to support the state's goals. In the current year, our focus areas will be:

- FOCUS AREA 1: Develop a world-class mathematics program
- FOCUS AREA 2: Strengthen district-wide English-language Arts/Literacy program
- FOCUS AREA 3: Develop a world-class STEAM program
- FOCUS AREA 4: Create an intentional culture of care and intervention
- FOCUS AREA 5: Technology and Innovation
- FOCUS AREA 6: Establish a data-rich culture

I. Data and Access

Ed-Data is a partnership of the CDE, EdSource, and the Fiscal Crisis and Management Assistance Team (FCMAT) that provides extensive financial, demographic, and performance information about California's public kindergarten through grade twelve school districts and schools.

DataQuest is an online data tool located at <http://dg.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., Academic Performance Index (API), Adequate Yearly Progress (AYP), test data, enrollment, graduates, dropouts, course enrollments, staffing, and data regarding English learners.

Internet Access is available at public libraries and other locations that are publicly accessible; e.g., the California State Library. Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions include the hours of operation, the length of time that a workstation may be used, depending on availability, the types of software programs available on a workstation, and the ability to print documents.

II. About Sinsheimer Elementary School

School Description and Mission Statement

Sinsheimer Elementary School is located on the beautiful Central Coast of California. Situated within the city limits of San Luis Obispo, our school is in a residential neighborhood adjacent to a park. Sinsheimer enjoys a history of excellence in education and was honored as a California Distinguished School in 2006 and 2012. This is the result of clear and focused goals that create and maintain a supportive learning environment. All students are provided the opportunity to grow and achieve academically, socially, and emotionally.

Our Mission Statement is:

The Sinsheimer School community is committed to a safe learning environment with a standards-based instructional program where there are high expectations, caring relationships, and meaningful opportunities to participate and contribute to our diverse community.

Our motto is: "Committed to Excellence."

We foster high personal standards, accountability, and a climate that values independence. The staff, parents, and students share a common vision that academic success is based on strong parental involvement.

Opportunities for Parental Involvement

Parental involvement is a key element in the success of Sinsheimer Elementary School. We have an engaged school community where parents walk their children to school and turn out in large numbers for events. Parent volunteers are utilized in the classroom, library, and playground settings. A strong PTA enriches and enhances the school program by providing funding for assemblies, field trips, cultural arts programs, supplemental materials, and equipment for classrooms. Social activities, such as the carnival, walk-a-thon, BBQ, auction, and movie nights are designed to enhance community participation in our school. Parent education is conducted through offerings by the school principal, staff, community members, and the school newsletter. The focus of parental involvement and education is to foster healthy children who will grow up to be successful, competent, and caring adults. For further information regarding opportunities for parental involvement, please contact Jeff Martin, Principal, at 805-596-4088.

II. School Climate

School Safety Plan

Planning for safety is a major concern for all schools. Sinsheimer prides itself in maintaining a safe school community that promotes high standards for behavior, as well as the social and emotional health of our students and families. Because safety is both an internal as well as external concern, our school's safety plan encompasses emergency procedures such as a nuclear plan, procedures for earthquake, fire preparedness, and intruders on campus. Included are all emergency phone numbers and phone trees. Maps such as gas and water shut-offs, exit routes, and safe routes to school are located in the document. In addition, crisis management and district policies and procedures are included along with crime reports and healthy schools information. Annually, all parents receive a handbook which explains the school rules and expectations for student conduct. Sinsheimer teachers have an emergency manual explaining safety procedures that is updated each year. The safety plan is a comprehensive document that covers major safety issues and concerns specific to Sinsheimer School. It is reviewed each year and approved by the School Site Council. The School Safety Plan was last updated and reviewed with staff in the fall of 2015.

Suspensions and Expulsions

This table displays the rate of suspensions and expulsions (the total number of incidents divided by the total enrollment) at the school and district levels for the most recent three-year period.

Expulsions	0%	0%	0%	0.25%	0.01%	0.14%

IV. School Facilities

Facility Conditions and Planned Improvements

The district takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the district uses a facility survey instrument developed by the State of California Office of Public School Construction. The results of this survey are available at the Buildings, Grounds and Transportation office.

Following is more specific information on the condition of the school and efforts to ensure that students are provided with a clean, safe, and functional learning environment.

Age of School Buildings

Sinsheimer has 26 classrooms, a multipurpose room, a library and an office. The main campus was built in 1954 and additions in 1961, 1972 and 1997.

Maintenance and Repair

The district maintenance staff ensures that repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority. Many of our facilities were rehabilitated as part of our Measure A Building Program which began in 1996.

Cleaning Process and Schedule

The Board of Education has adopted cleaning standards for all schools in the district. A summary of these standards is available at Buildings, Grounds and Transportation. The principal works daily with the custodial staff to develop cleaning schedules to ensure a clean and safe school.

Deferred Maintenance Budget and Projects

The district participates in the State School Deferred Maintenance Program, which is one of the programs included in SBX34 and is allowed the flexibility to be used for any educational purpose. The District has continued using the state funding to assist school districts with expenditures for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems.

School Facility Good Repair Status

This table displays the results of the most recently completed school site inspection to determine the school facility's good repair status.

X. Accountability

Adequate Yearly Progress

The federal NCLB Act requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state's standards-based assessments in English-language arts (ELA) and mathematics;
- Percent proficient on the state's standards-based assessments in ELA and mathematics;
- API as an additional indicator; and
- Graduation rate for secondary schools.

Detailed information about AYP, including participation rates and percent proficient results by student group, can be found at the AYP Web page at <http://www.cde.ca.gov/ta/ac/ay/>.

AYP Overall and by Criteria (2014-2015)

This table displays an indication of whether the school and the district made AYP overall and whether the school and the district met each of the AYP criteria.

Federal Intervention Program (2015-2016)

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (English-language arts or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. Detailed information about PI identification can be found at the AYP Web page at <http://www.cde.ca.gov/ta/ac/ay/>.

XI. Instructional Planning and Scheduling

Professional Development

The district funds an extensive professional development program using federal Title I Professional Development funds, Title II Teacher Quality funds, Title III Limited-English-Proficient funds, district funds, and site monies. All staff members have access to the comprehensive Professional Development Calendar that is developed annually.

The district's focus for staff development has been concentrated in the areas of Common Core State Standards, assessment, writing, mathematics, reading and mathematics interventions, Career Technical Education support for high quality classroom instruction with a new exploration of the Next Generation Science Standards. Although most of our students are achieving at high levels, some of our student populations are not. This data has provided the impetus for our District Initiatives and staff development. Professional development days are scheduled annually to provide needed training.

Various methods of support are provided to assist teachers with the implementation of professional development goals, including the following:

- Weekly collaboration time for all teachers;
- Release time using substitutes;
- Student performance data reports available in Illuminate;
- Assistance from EL Specialists, Instructional Coaches, and Teachers-on-Special Assignment.

Professional development days are scheduled annually to provide training on specific curricular areas, and/or assessment.

The School Accountability Report Card (SARC), required by law to be published annually, contains information about the condition and performance of each California public school. More information about SARC requirements is available on the SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>. For additional information about this school, parents and community members should contact the school principal or the district office.
