The State of California's goals for public education are embedded in the Local Control Funding Formula and Local Control Accountability Plan, adopted in 2013-14. San Luis Coastal Unified School District, in 2011, adopted its own Initiatives for Student Success. We support the State's goals by drawing annual focus areas from these initiatives:

2017-2018:

FOCUS AREA 1: Improve student achievement

FOCUS AREA 2: Narrow the Achievement Gap in ELA, Math and A-G requirements

FOCUS AREA 3: Create an intentional culture of care and intervention

FOCUS AREA 4: Technology and Innovation

FOCUS AREA 5: Establish a data-rich culture

I. Data and Access

Ed-Data is a partnership of the CDE, EdSource, and the Fiscal Crisis and Management Assistance Team (FCMAT) that provides extensive financial, demographic, and performance information about California's public kindergarten through grade twelve school districts and schools.

DataQuest is an online data tool located at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., Academic Performance Index (API), Adequate Yearly Progress (AYP), test data, enrollment, graduates, dropouts, course enrollments, staffing, and data regarding English learners.

Internet Access is available at public libraries and other locations that are publicly accessible; e.g., the California State Library. Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions include the hours of operation, the length of time that a workstation may be used, depending on availability, the types of software programs available on a workstation, and the ability to print documents.

II. About San Luis Obispo High School

School Description and Mission Statement

San Luis Obispo High School, which opened in 1895, is one of three high schools in the San Luis Coastal Unified School District. The SLOHS campus is located on the east side of San Luis Obispo, nestled against the coastal foothills, providing a sweeping view of the city from the upper campus. The school serves the communities of San Luis Obispo, Avila Beach, and the outlying farming and residential areas. The district is an open enrollment district, so students from Los Osos/Baywood Park and Morro Bay also attend the school.

San Luis Obispo High School received full accreditation in 2012, and just recently went back through its formal accreditation process in the fall of 2017. San Luis Obispo High School compares favorably to the top high schools in the state. Students are prepared to explore their career goals, whether their plan is to attend college or join the workforce after high school. Students are on a trimester schedule which allows them to take 15 classes a year. As a reflection of community values that heavily emphasize the importance of education, approximately 85% of graduates matriculate to four-year colleges and universities or community colleges.

The mission of San Luis Obispo High School is to engage all students in a challenging and comprehensive educational program that will empower them to succeed with integrity and to be healthy, productive members of a diverse society.

Opportunities for Parental Involvement

Parent involvement is encouraged and is an integral part of our school's culture. The School Site Council has afforded parents an opportunity to take an active role in shaping our academic and extracurricular programs. Parents participate on the WASC Leadership Team and the focus groups. Parent also participate in one of 4 booster organizations, Black and Gold, Tiger Athletics Boosters, Aggie Backers and SLOIMBA (band). The Black and Gold Boosters Club which supports Academics, Arts, Activities and Achievement through financial contributions and voluntary assistance. Parents of students in the English Learners' (EL) Program participate in the English Learners' Advisory Council (ELAC) and the District English Learners Advisory Council (DELAC). Many parents volunteer countless hours in the classroom, front office, lunch supervision, and with the 24-Hour Relay Challenge. The Principal's Parent Advisory Council (PAC) meets monthly on Friday mornings discuss matters of interest to the school community. For more information, contact Leslie O'Connor at 596-4040.

III. School Climate

School Safety Plan

SLOHS is a beautiful campus with an environment that promotes student well being, safety and educational opportunities. Safety and order is the focus of our school's Safe School Plan, our discipline code, the San Luis Obispo Police Department Resource Officer on campus, and student support programs like the Conflict Management Team and the Student Assistance Program.

Students and staff have the right to a safe and secure campus where they are free from physical and psychological harm. SLOHS is committed to maximizing school safety and to creating a positive learning environment, emphasizing high expectations for student conduct, responsible behavior and respect for others.

The Safe School Plan for San Luis Obispo High School is a continuous work in progress that is updated and approved annually by the School Site Council. To support and assist students, the district has implemented a Crisis Intervention Response Team (CIRT). The CIRT is a cadre of employees who have received specific training in grief counseling. When activated, members of this team are notified and asked to assist the staff at specific school site(s) when there has been psychological trauma to the students, staff or community.

Our close proximity to the Diablo Nuclear Power Plant necessitates that a nuclear response be a part of our Safe School Plan. The Nuclear Power Plant Emergency Response Plan approved by the Governing Board in September 1998 has been updated as of April 2016. The purpose of the emergency response plan is to designate the steps to be used to protect students and staff of the SLCUSD in the event of an emergency at the Diablo Canyon Power Plant. It contains procedures for evacuating school children from impacted Protective Action Zones as rapidly as possible. The primary relocation site for SLCUSD students will be Paso Robles Event Center (Mid-State Fairgrounds).

The Safe School's Plan also includes procedures in the event of an earthquake, fire, intruder, and/or bomb threat. These drills are conducted and their effectiveness evaluated each year. Students and staff are informed and prepared to respond to any emergencies should an actual event occur.

The school's Safety Plan is updated annually and reviewed with staff.

Suspensions and Expulsions

This table displays the rate of suspensions and expulsions (the total number of incidents divided by the total enrollment) at the school and district levels for the most recent three-year period.

IV. School Facilities

Facility Conditions and Planned Improvements

The District extends great efforts to maintain the schools in a manner that ensures that they are clean, safe, and functional. To assist in this effort, the district uses a facility survey instrument, with all potential problems related to safety reported and monitored for completion by site administration and the Building, Grounds, and Transportation Department. Information about this evaluation can be found for all sites at <http://www.slcsd.org/fmp/index.html>. The following is a list of projects at the High Schools: renovate classrooms campus-wide, renovate restrooms campus-wide, Library renovation, new student support center, Cafeteria and kitchen expansion, STEAM (industrial arts) complex renovation, pool and support building, MPR/performance space, gym and locker room improvements, renovate plaza / quad area, new all-weather track, and refurbish/expand tennis courts.

The following is specific information on the condition of the school and the efforts made to ensure that students are provided a clean, safe, functional learning environment.

Age of School Buildings

SLOHS has 79 classrooms, a multipurpose room, two gymnasiums, locker rooms, a library and an office. The main campus was built in 1960; additions were constructed in 1964, 1965 and 1980.

Maintenance and Repair

The District maintenance staff ensures that repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is utilized to ensure efficient service, and ensures that emergency repairs are given the highest priority. Many of our facilities are being modernized as part of the District Measure D program enacted in 2014.

Cleaning Process and Schedule

The Board of Education has adopted cleaning standards for all schools in the district. A summary of these standards is available at Buildings, Grounds and Transportation. The principal works daily with the custodial staff to develop cleaning schedules to ensure a clean and safe school.

Deferred Maintenance Budget

The district utilizes a deferred maintenance plan that is funded by an annual percentage from the District general fund. The District uses the funding to assist schools with expenditures for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems.

Deferred Maintenance Projects

The complete deferred maintenance plan is available at the Buildings, Grounds and Transportation office.

IX. Student Performance

Please note scores are not shown when the number of students tested is 10 or less, either because the number of students in this category is too small for statistical accuracy, or to protect student privacy. In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of an individual student.

California Assessment of Student Performance and Progress Results for All Students (School Year 16-17)

Students with Disabilities	46	42	91.3%	26.19%

Note: ELA/Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAAs divided by the total number of students who participated in both assessments.

Double dashes -- appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

X. Accountability

Federal Intervention Program (2016-17)

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (English-language arts or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. Detailed information about PI identification can be found at the AYP Web page at <http://www.cde.ca.gov/ta/ac/ay/>.

XI. School Completion and Postsecondary Preparation

Admission Requirements for California Public Universities

University of California

Admission requirements for the University of California (UC) follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements please visit the [University of California](https://www.universityofcalifornia.edu/) Web site <https://www.universityofcalifornia.edu/>.

California State University

Admission requirements for the California State University (CSU) use three factors to determine eligibility. They are specific high school courses; grades in specified courses and test scores; and graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses utilize local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For general admissions requirements please visit the [California State University](http://www.calstate.edu/admission/) Web site, <http://www.calstate.edu/admission/>.

Professional Development

The district funds a development program using federal Title I Professional Development funds, Title II Teacher Quality funds, Title III Limited-English-Proficient funds, district funds, and site monies. All staff members have access to the comprehensive Professional Development Calendar that is developed annually.

The district's focus for staff development has been concentrated in the areas of Common Core State Standards, assessment, writing, mathematics, reading and mathematics interventions, Career Technical Education support for high quality classroom instruction and the Next Generation Science Standards. Although most of our students are achieving at high levels, some of our student populations are not. This data has provided the impetus for our District Initiatives and staff development.

Various methods of support are provided to assist teachers with the implementation of professional development goals, including the following:

- Weekly collaboration time for all teachers;
- Release time using substitutes;
- Student performance data reports available in illuminate;
- Assistance from EL Specialists, outside consultants, and Teachers-on-Special Assignment.

Professional development days are scheduled annually to provide training on specific curricular areas, and/or assessment.

The School Accountability Report Card (SARC), required by law to be published annually, contains information about the condition and performance of each California public school. More information about SARC requirements is available on the SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>. For additional information about this school, parents and community members should contact the school principal or the district office.
