In the spring of 2011, SLCUSD adopted its ten [Initiatives for Student Success](#). The State of California implemented the Local Control Funding Formula (LCFF) and [Local Control Accountability Plan](#) (LCAP) in 2014, we used them to help focus our Initiatives to support the state's goals. For 2014-2015, our focus areas will be:

**FOCUS AREA 1:** SLCUSD students will achieve substantial academic gains in mathematics.

**FOCUS AREA 2:** SLCUSD students will achieve substantial academic gains in English-Language Arts and Literacy.

**FOCUS AREA 3:** SLCUSD will provide student access to a world-class STEAM (Science Technology Engineering Arts and Math) and CTE (Career Tech Elective) program.

**FOCUS AREA 4:** SLCUSD will create an intentional culture of care, intervention, and support for all students.

**FOCUS AREA 5:** SLCUSD will expand technology and promote innovation in order to provide student access to personalized learning and to prepare for college and career readiness.

**FOCUS AREA 6:** SLCUSD will strengthen use of data cycle to improve academic achievement.

## I. Data and Access

*Ed-Data* is a partnership of the CDE, EdSource, and the Fiscal Crisis and Management Assistance Team (FCMAT) that provides extensive financial, demographic, and performance information about California's public kindergarten through grade twelve school districts and schools.

*DataQuest* is an online data tool located at <http://dg.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, *DataQuest* is a dynamic system that provides reports for accountability (e.g., Academic Performance Index (API), Adequate Yearly Progress (AYP), test data, enrollment, graduates, dropouts, course enrollments, staffing, and data regarding English learners.

*Internet Access* is available at public libraries and other locations that are publicly accessible; e.g., the California State Library. Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions include the hours of operation, the length of time that a workstation may be used, depending on availability, the types of software programs available on a workstation, and the ability to print documents.

## II. About C. L. Smith Elementary School

### School Description and Mission Statement

C.L. Smith Elementary has been meeting the needs of students in preschool through sixth grade since 1962. It is a neighborhood school where students and parents can be seen walking and riding bikes to school. The school encompasses a vast geographical area and serves the needs of a diverse population. Each student is valued for their unique contribution to our family. Parents and teachers are committed to providing the very best for our students.

Our mission states: *"C.L. Smith is a school in which parents, staff, and community collaborate to achieve academic excellence in a caring environment where the intellectual, social, and emotional needs of its students and staff are nurtured, and where children are prepared to become productive, responsible citizens and lifelong learners."*

### Opportunities for Parental Involvement

All families are invited and encouraged to become informed, involved, and empowered with our school. The monthly newsletter, which is translated into Spanish, keeps parents in tune to the heartbeat of C.L. Smith accomplishments and activities. We also have weekly email updates that keep parents current on what is happening at school. Teachers utilize class newsletters and classroom blogs to keep parents informed on instruction, homework, and upcoming events. EL/Title I Family Night, presented in both English and Spanish, informs parents of the variety of services available to help their child succeed. Parents are encouraged to give feedback to the school in a variety of ways. The results of a yearly school improvement survey are used to evaluate effectiveness and make appropriate changes. The School Site Council, made up of parents, teachers, and other staff members, meet on a bi-monthly basis to monitor our Single Plan for Student Achievement. Parents are encouraged to e-mail, call, or meet with the principal directly with concerns, compliments, and ideas. Our PTA meets monthly to plan activities and fund raisers to support our school program. Our ELAC (English Learner Advisory Committee) meets three times a year and provides a forum for parents to learn about school programs and express concerns directly related to the needs of English Learners. The ELAC meetings are run in Spanish with English translation available. Parent volunteers are always welcome to support the school by spending time in classrooms or working on projects in the office. For further information, please call C.L. Smith Elementary School, 805-596-4094.

### III. School Climate

#### School Safety Plan

There is a focus on student safety, health, and well-being as evidenced by our Safe School Plan developed and annually reviewed by parents, teachers, counselor, and principal. The team meets and problem solves safety issues related to pedestrian, auto, physical, and student interactions. The team reviews school rules and conducts a yearly walk-through of the school facility to identify potential safety hazards. Students are taught safety in the classroom and on the playground. Our Emergency Preparedness Chairperson revises our emergency plan each year and reviews it with all staff. Monthly fire drills, quarterly duck-and-cover drills, and twice-a-year lockdown drills provide staff and students with the confidence needed in the event of a real emergency. In addition, our local fire department presents a fire safety assembly to all students in grades K through 6. The entire school participates in a bicycle safety program sponsored by the local police. Our plan was last updated in March 2014.

#### Suspensions and Expulsions

This table displays the rate of suspensions and expulsions (the total number of incidents divided by the total enrollment) at the school and district levels for the most recent three-year period.

Rate	School		District	
	2011-12	2012-13	2011-12	2012-13
Suspensions	1.47%	2.69%	3.21%	2.94%
Expulsions	0	0	0	0.19%

### IV. School Facilities

#### Facility Conditions and Planned Improvements

The district takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the district uses a facility survey instrument developed by the State of California Office of Public School Construction. The results of this survey are available at the Buildings, Grounds and Transportation office. Following is more specific information on the condition of the school and the efforts made to ensure that students are provided with a clean, safe, and functional learning environment.

#### Age of School Buildings

C.L. Smith School has 30 classrooms, a multipurpose room, a library and an office. The main campus was built in 1962 and additions in 1963, 1970 and 1997.

#### Maintenance and Repair

The district maintenance staff ensures that repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority. Many of our facilities were rehabilitated as part of our Measure A Building Program which began in 1996.

#### Cleaning Process and Schedule

The Board of Education has adopted cleaning standards for all schools in the district. A summary of these standards is available at Buildings, Grounds and Transportation. The principal works daily with the custodial staff to develop cleaning schedules to ensure a clean and safe school.

#### Deferred Maintenance Budget

The district participates in the State School Deferred Maintenance Program, which is one of the programs included in SBX34 and is allowed the flexibility to be used for any educational purpose. The District has continued using the state funding to assist school districts with expenditures for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems.

#### Deferred Maintenance Projects

The complete deferred maintenance plan, approved by the Board of Education, is available at the Buildings, Grounds and Transportation office.

### IX. Student Performance

*Please note scores are not shown when the number of students tested is 10 or less, either because the number of students in this category is too small for statistical accuracy, or to protect student privacy. In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of an individual student.*

#### California Standards Tests

The California Standards Tests (CSTs) show how well students are doing in science in grades 5, 8, 9, 10, and 11. Student scores are reported as performance levels. Detailed information regarding CST results for each grade and performance level, including the percent of students not tested, can be found on the Standardized Testing and Reporting (STAR) Results Web page at <http://star.cde.ca.gov>.

California Modified Assessment (CMA), an alternate assessment that is based on modified achievement standards in ELA for grades three through eleven; mathematics for grades three through seven, Algebra I, and Geometry; and science in grades five and eight, and Life Science in grade ten. The CMA is designed to assess those students whose disabilities preclude them from achieving grade-level proficiency on an assessment of the California content standards with or without accommodations.

California Alternate Performance Assessment (CAPA) includes ELA and mathematics in grades two through eleven, and science for grades five, eight, and ten. The CAPA is given to those students with significant cognitive disabilities whose disabilities prevent them from taking either the CSTs with accommodations or modifications or the CMA with accommodations.

The assessments under the STAR Program show how well students are doing in relation to the state content standards. On each of these assessments, student scores are reported as performance levels.

For detailed information regarding the STAR Program results for each grade and performance level, including the percent of students not tested, see the CDE STAR Results Web site at <http://star.cde.ca.gov>.

## X. Accountability

### Academic Performance Index

The Academic Performance Index (API) is an annual measure of the academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. Detailed information about the API can be found at the API Web page <http://www.cde.ca.gov/ta/ac/ap/>.

### API Ranks – Three-Year Comparison

This table displays the school's statewide and similar schools API ranks. The statewide API rank ranges from 1 to 10. A statewide rank of 1 means that the school has an API score in the lowest 10% of all schools in the state, while a statewide rank of 10 means that the school has an API score in the highest 10% of all schools in the state. The similar schools API rank reflects how a school compares to 100 statistically matched "similar schools." A similar schools rank of 1 means that the school's academic performance is comparable to the lowest performing 10 schools of the 100 similar schools, while a similar schools rank of 10 means that the school's academic performance is better than at least 90 of the 100 similar schools.

API Rank	2011	2012	2013
Statewide	5	6	5
Similar Schools	2	6	*

### API Changes by Student Group – Three Year Comparison – Average 2011, 2012, 2013

### Adequate Yearly Progress

The federal NCLB Act requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state's standards-based assessments in English-language arts (ELA) and mathematics;
- Percent proficient on the state's standards-based assessments in ELA and mathematics;
- API as an additional indicator; and
- Graduation rate for secondary schools.

Detailed information about AYP, including participation rates and percent proficient results by student group, can be found at the AYP Web page at <http://www.cde.ca.gov/ta/ac/ay/>.

### AYP Overall and by Criteria (2013-2014)

This table displays an indication of whether the school and the district made AYP overall and whether the school and the district met each of the AYP criteria.

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (English-language arts or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. Detailed information about PI identification can be found at the AYP Web page at <http://www.cde.ca.gov/ta/ac/ay/>.

## XI. Instructional Planning and Scheduling

### Professional Development

The district has funded an extensive professional development program using federal Title I Professional Development funds, Title II Teacher Quality funds, Title III Limited-English-Proficient funds, district funds, and site monies. All staff members have access to the comprehensive Professional Development Calendar that is developed annually.

The district's focus for staff development has been concentrated in the areas of Common Core State Standards, assessment, writing, mathematics, reading and mathematics interventions, and support for high quality classroom instruction. Although most of our students are achieving at high levels, some of our student populations are not. This data has provided the impetus for our District Initiatives and staff development. Professional development days are scheduled annually to provide needed training.

Various methods of support are provided to assist teachers with the implementation of professional development goals, including the following:

- Weekly collaboration time for all teachers;
- Release time using substitutes;
- Student performance data reports available in Illuminate;
- Assistance from EL Specialists, Instructional Coaches, and Teachers-on-Special Assignment.

Professional development days are scheduled annually to provide training on specific curricular areas, and/or assessment.

*The School Accountability Report Card (SARC), required by law to be published annually, contains information about the condition and performance of each California public school. More information about SARC requirements is available on the SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>. For additional information about this school, parents and community members should contact the school principal or the district office.*
