The State of California's goals for public education are embedded in the Local Control Funding Formula and Local Control Accountability Plan, adopted in 2013-14. San Luis Coastal Unified School District, in 2011, adopted its own Initiatives for Student Success. We support the State's goals by drawing annual focus areas from these initiatives:

2017-2018:

FOCUS AREA 1: Improve student achievement

FOCUS AREA 2: Narrow the Achievement Gap in ELA, Math and A-G requirements

FOCUS AREA 3: Create an intentional culture of care and intervention

FOCUS AREA 4: Technology and Innovation

FOCUS AREA 5: Establish a data-rich culture

I. Data and Access

Ed-Data is a partnership of the CDE, EdSource, and the Fiscal Crisis and Management Assistance Team (FCMAT) that provides extensive financial, demographic, and performance information about California's public kindergarten through grade twelve school districts and schools.

DataQuest is an online data tool located at <http://dg.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, *DataQuest* is a dynamic system that provides reports for accountability (e.g., Academic Performance Index (API), Adequate Yearly Progress (AYP), test data, enrollment, graduates, dropouts, course enrollments, staffing, and data regarding English learners.

Internet Access is available at public libraries and other locations that are publicly accessible; e.g., the California State Library. Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions include the hours of operation, the length of time that a workstation may be used, depending on availability, the types of software programs available on a workstation, and the ability to print documents.

II. About Bishop's Peak Elementary School

School Description and Mission Statement

Bishop's Peak Elementary School is home to some of the finest young minds in San Luis Obispo. Our school is dedicated to academic excellence and achievement. We are committed to nurturing the intellectual, physical, social, and emotional capacities of every student. We strive to make all students lifelong learners who will positively contribute to our diverse society. The school's experienced and dedicated staff, along with the committed and involved parent population, work together to create academic excellence.

Our Mission Statement is:

The Bishop's Peak Elementary School and family community is student-centered, innovative, and committed to empowering all of our children to develop independence, collaborative critical thinking skills, and compassion.

Opportunities for Parental Involvement

A strong home/school partnership is the basis for the collaborative atmosphere at Bishop's Peak Elementary School. Parents are an integral part of our school, providing considerable volunteer and financial support. Parents are involved in PTA, School Site Council, San Luis Coastal Unified School District committees, and day-to-day campus and classroom activities. Numerous activities, field trips, and overnight excursions would not be possible without parent support. Our PTA also helps organize events that bring us together as a school community, such as the annual Fall Carnival, STEAM Fair, March-a-Thon, Study Trips, Family Fun Nights, and grade-level activities. Parents seeking information about how to become more involved in school life should call our school secretary, Mrs. Sarah Johnson, at 805-596-4030.

III. School Climate

School Safety Plan

We pride ourselves in maintaining a safe and orderly environment. As required, our school has developed a Comprehensive School Safety Plan. It includes the key elements of school characteristics, physical environment, social environment, school culture, crime data, critical incident response, and an emergency response plan. As prescribed by state law, the plan is formally reviewed annually. It was last reviewed by our school staff in August 2018 and by our School Site Council in September 2018. This Comprehensive School Safety Plan is available for review in the school office. More important than the written document, however, is our consistent attention to safety. Safety precautions and procedures are routinely reviewed and updated by the principal and staff as appropriate, and drills are held regularly to reinforce established emergency procedures.

Suspensions and Expulsions

This table displays the rate of suspensions and expulsions (the total number of incidents divided by the total enrollment) at the school and district levels for the most recent three-year period.

Rate	School			District		
	2015-16	2016-2017	2017-18	2015-16	2016-2017	2017-18

Expulsions	0%	0%	0%	0.10%	0.12%	0.12%

IV. School Facilities

Facility Conditions and Planned Improvements

and functional. To assist in this effort, the district uses a facility survey instrument, with all potential problems related to safety reported and monitored for completion by site administration and the Building, Grounds, and Transportation Department. Information about this evaluation can be found for all sites at <http://www.slcsd.org/fmp/index.html>. Elementary and middle school planned improvements include accessibility upgrades, campus-wide painting projects, fire alarms, and parking lot paving.

The following is specific information on the condition of the school and the efforts made to ensure that students are provided a clean, safe, functional learning environment.

Age of School Buildings

Bishop's Peak School has 19 classrooms, a multi-purpose room, a library and an office. The main campus was built in 1956; additions were constructed in 1958, 1961, 1972 and 1998.

Maintenance and Repair

The District maintenance staff ensures that repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is utilized to ensure efficient service, and ensures that emergency repairs are given the highest priority. Many of our facilities are being modernized as part of the District Measure D program enacted in 2014.

Cleaning Process and Schedule

The Board of Education has adopted cleaning standards for all schools in the district. A summary of these standards is available at Buildings, Grounds and Transportation. The principal works daily with the custodial staff to develop cleaning schedules to ensure a clean and safe school.

Deferred Maintenance Budget

The district utilizes a deferred maintenance plan that is funded by an annual percentage from the District general fund. The District uses the funding to assist schools with expenditures for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems.

Deferred Maintenance Projects

The complete deferred maintenance plan is available at the Buildings, Grounds and Transportation office.

School Facility Good Repair Status

This table displays the results of the most recently completed school site inspection to determine the school facility's good repair status.

IX. Student Performance

Please note scores are not shown when the number of students tested is 10 or less, either because the number of students in this category is too small for statistical accuracy, or to protect student privacy. In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of an individual student.

The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAAs divided by the total number of students who participated in both assessments.

Double dashes – appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Note: The 2016–17 and 2017–18 data are not available. The CDE is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The new California Science Test (CAST) was pilot-tested in spring 2017 and field-tested in spring 2018. The CAST will be administered operationally during the 2018–19 school year. The CAA for Science was pilot-tested for two years (i.e., 2016–17 and 2017–18) and the CAA for Science will be field-tested in 2018–19.

Note: Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated on both assessments.

Professional Development

The district funds a development program using federal Title I Professional Development funds, Title II Teacher Quality funds, Title III Limited-English-Proficient funds, district funds, and site monies. All staff members have access to the comprehensive Professional Development Calendar that is developed annually.

The district's focus for staff development has been concentrated in the areas of Common Core State Standards, assessment, writing, mathematics, reading and mathematics interventions, Career Technical Education support for high quality classroom instruction and the Next Generation Science Standards. Although most of our students are achieving at high levels, some of our student populations are not. This data has provided the impetus for our District Initiatives and staff development.

Various methods of support are provided to assist teachers with the implementation of professional development goals, including the following:

- Weekly collaboration time for all teachers;
- Release time using substitutes;
- Student performance data reports available in illuminate;
- Assistance from EL Specialists, outside consultants, and Teachers-on-Special Assignment.

Professional development days are scheduled annually to provide training on specific curricular areas, and/or assessment.

The School Accountability Report Card (SARC), required by law to be published annually, contains information about the condition and performance of each California public school. More information about SARC requirements is available on the SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>. For additional information about this school, parents and community members should contact the school principal or the district office.
