

HIGH SCHOOL DIPLOMA/EQUIVALENCY DISTANCE LEARNING

COVID 19 UPDATE

In response to COVID-19, the High School Diploma Program has transitioned from in-person to distance learning. We acknowledge that distance learning comes with its own set of challenges, and we commit to provide students with ongoing support. Educational Planning will keep you on the road to success! We use individualized instruction to help students achieve their educational goals. The teacher counsels each student to develop a plan to meet that goal. Students then work independently with teacher assistance. Students attend as their schedules permit.

Classes are free. Register anytime—it's never too late!

After an initial over the phone orientation, students will continue to work with our teachers via distance learning completing assignments online.
