The State of California's goals for public education are embedded in the Local Control Funding Formula and Local Control Accountability Plan, adopted in 2013-14. San Luis Coastal Unified School District, in 2011, adopted its own Initiatives for Student Success. We support the State's goals by drawing annual focus areas from these initiatives:

2019-2020:

FOCUS AREA 1: All students will achieve substantial academic gains through rigorous, relevant, and engaging instruction and curriculum.

FOCUS AREA 2: All LCAP identified student groups will achieve substantial academic gains through a multi-tiered system of support.

FOCUS AREA 3: SLCUSD will create an intentional culture of care that includes a focus on student social-emotional wellness and parent connectedness.

FOCUS AREA 4: SLCUSD will expand technology and promote innovation to prepare students for college or career.

FOCUS AREA 5: SLCUSD will strengthen data use to improve academic achievement.

I. Data and Access

Ed-Data is a partnership of the CDE, EdSource, and the Fiscal Crisis and Management Assistance Team (FCMAT) that provides extensive financial, demographic, and performance information about California's public kindergarten through grade twelve school districts and schools.

DataQuest is an online data tool located at <http://dg.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, *DataQuest* is a dynamic system that provides reports for accountability (e.g., Academic Performance Index (API), Adequate Yearly Progress (AYP), test data, enrollment, graduates, dropouts, course enrollments, staffing, and data regarding English learners.

Internet Access is available at public libraries and other locations that are publicly accessible; e.g., the California State Library. Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions include the hours of operation, the length of time that a workstation may be used, depending on availability, the types of software programs available on a workstation, and the ability to print documents.

II. About Laguna Middle School

School Description and Mission Statement

Laguna Middle School encompasses a large geographic area within San Luis Obispo and extends outward in all directions, containing rural and urban housing. There is a broad socioeconomic range with a mix of affluent, middle income and low income families. Approximately 28.5% of the students are on the free/reduced lunch program and 10.7% of our students participate in our English Learner Program. The Laguna staff works diligently to identify struggling students and provide tiered interventions in our effort to support all students. The staff and community also work to ensure that our middle school students are connected to our campus through clubs, sports and campus-wide events. A true culture of care is our objective. Laguna Middle School is dependent upon the partnership of staff, students, parents, and community to continue to offer a challenging and varied program for our students. Highlights from our mission include:

- *Provide the necessary support to meet high academic standards while challenging the accelerated learner and providing additional support for low achieving students.*
- *Guide students to develop critical thinking, decision-making, organizational and communication skills resulting in confident, self-directed learners.*
- *Provide exploratory opportunities to students in an effort to address the needs of the early adolescent.*
- *Provide a comprehensive educational program that includes academics, the arts, vocational technology, health, wellness, and fitness.*
- *Provide a professional development program to staff to support the delivery of this program to the entire student population, including special needs students.*

Opportunities for Parental Involvement

Laguna Middle School offers a multitude of ways for parents to become involved with the school. Through signups at the beginning of the year, and via the volunteer tab on the school website, many parents commit to be involved according to their availability and areas of interest. The options available include school day activities within the classroom, providing support for students in reading intervention, assisting with teacher materials preparation, volunteering in the office and library, and membership on the School Site Council, PTA, and English Learner Advisory Committee. We also rely on parent volunteers for 8th Grade Career Day, Safe School Advisory, parent planning committees and chaperoning events. Large events such as our 3-Mile Run and our 8th Grade Promotion Events rely heavy on the help of our parent volunteers. The school newsletters regularly seek to involve parents in active participation with school departments' student activities. Parent Education Nights and principal's coffees provide an opportunity for parents to learn about a variety of topics related to their child's development. For further information, please call the school at 805-596-4055, Ext. 2002.

III. School Climate

School Safety Plan

The Laguna Safe Schools Plan is reviewed and updated each year by the School Safety Committee. The plan covers all events, including fire, spills, earthquake, nuclear, campus intruder, evacuation, sheltering, safety, and sanitation. The plan was updated and then reviewed with staff and the School Site Council in March 2018.

Suspensions and Expulsions

This table displays the rate of suspensions and expulsions (the total number of incidents divided by the total enrollment) at the school and district levels for the most recent three-year period.

Rate	School			District

IV. School Facilities

Facility Conditions and Planned Improvements

The District extends great efforts to maintain the schools in a manner that ensures that they are clean, safe, and functional. To assist in this effort, the district uses a facility survey instrument, with all potential problems related to safety reported and monitored for completion by site administration and the Building, Grounds, and Transportation Department. Information about this evaluation can be found for all sites at <http://www.slcsd.org/fmp/index.html>. Elementary and middle school planned improvements include accessibility upgrades, campus-wide painting projects, fire alarms, and parking lot paving.

The following is specific information on the condition of the school and the efforts made to ensure that students are provided a clean, safe, functional learning environment.

Age of School Buildings

Laguna Middle School has 42 classrooms, a multipurpose room, gymnasium, locker rooms, a library and an office. The main campus was built in 1968 and an addition was constructed in 1998.

Maintenance and Repair

The District maintenance staff ensures that repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is utilized to ensure efficient service, and ensures that emergency repairs are given the highest priority. Many of our facilities are being modernized as part of the District Measure D program enacted in 2014.

Cleaning Process and Schedule

The Board of Education has adopted cleaning standards for all schools in the district. A summary of these standards is available at Buildings, Grounds and Transportation. The principal works daily with the custodial staff to develop cleaning schedules to ensure a clean and safe school.

Deferred Maintenance Budget

The district utilizes a deferred maintenance plan that is funded by an annual percentage from the District general fund. The District uses the funding to assist schools with expenditures for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems.

Deferred Maintenance Projects

The complete deferred maintenance plan is available at the Buildings, Grounds and Transportation office.

School Facility Good Repair Status

This table displays the results of the most recently completed school site inspection to determine the school facility's good repair status.

IX. Student Performance

Please note scores are not shown when the number of students tested is 10 or less, either because the number of students in this category is too small for statistical accuracy, or to protect student privacy. In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of an individual student.

Students with Disabilities	29	28	99%	28.57%

Note: ELA/Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAAs divided by the total number of students who participated in both assessments.

Double dashes – appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

X. Instructional Planning and Scheduling

Professional Development

The district funds a development program using federal Title I Professional Development funds, Title II Teacher Quality funds, Title III Limited-English-Proficient funds, district funds, and site monies. All staff members have access to the comprehensive Professional Development Calendar that is developed annually.

The district's focus for staff development has been concentrated in the areas of Common Core State Standards, assessment, writing, mathematics, reading and mathematics interventions, Career Technical Education support for high quality classroom instruction and the Next Generation Science Standards. Although most of our students are achieving at high levels, some of our student populations are not. This data has provided the impetus for our District Initiatives and staff development.

Various methods of support are provided to assist teachers with the implementation of professional development goals, including the following:

- Weekly collaboration time for all teachers;
- Release time using substitutes;
- Student performance data reports available in illuminate;
- Assistance from EL Specialists, outside consultants, and Teachers-on-Special Assignment.

Professional development days are scheduled annually to provide training on specific curricular areas, and/or assessment.

The School Accountability Report Card (SARC), required by law to be published annually, contains information about the condition and performance of each California public school. More information about SARC requirements is available on the SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>. For additional information about this school, parents and community members should contact the school principal or the district office.
