In the spring of 2011, SLCUSD adopted its ten Initiatives for Student Success. In 2013-14, the State of California implemented the Local Control Funding Formula (LCFF) and Local Control Accountability Plan (LCAP). We used them to help focus our Initiatives to support the state's goals. In the current year, our focus areas will be:

FOCUS AREA 1: Develop a world-class mathematics program

FOCUS AREA 2: Strengthen district-wide English-language Arts/Literacy program

FOCUS AREA 3: Develop a world-class STEAM program

FOCUS AREA 4: Create an intentional culture of care and intervention

FOCUS AREA 5: Technology and Innovation

FOCUS AREA 6: Establish a data-rich culture

I. Data and Access

Ed-Data is a partnership of the CDE, EdSource, and the Fiscal Crisis and Management Assistance Team (FCMAT) that provides extensive financial, demographic, and performance information about California's public kindergarten through grade twelve school districts and schools.

DataQuest is an online data tool located at <http://dg.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, *DataQuest* is a dynamic system that provides reports for accountability (e.g., Academic Performance Index (API), Adequate Yearly Progress (AYP), test data, enrollment, graduates, dropouts, course enrollments, staffing, and data regarding English learners.

Internet Access is available at public libraries and other locations that are publicly accessible; e.g., the California State Library. Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions include the hours of operation, the length of time that a workstation may be used, depending on availability, the types of software programs available on a workstation, and the ability to print documents.

II. About Laguna Middle School

School Description and Mission Statement

Laguna Middle School encompasses a large geographic area within San Luis Obispo and extends outward in all directions, containing rural and urban housing. There is a broad socioeconomic range with a mix of affluent, middle income and low income families. Approximately 28.5% of the students are on the free/reduced lunch program and 10.7% of our students participate in our English Learner Program. The Laguna staff works diligently to identify struggling students and provide tiered interventions in our effort to support all students. The staff and community also work to ensure that our middle school students are connected to our campus through clubs, sports and campus-wide events. A true culture of care is our objective. Laguna Middle School is dependent upon the partnership of staff, students, parents, and community to continue to offer a challenging and varied program for our students. Highlights from our mission include:

- *Provide the necessary support to meet high academic standards while challenging the accelerated learner and providing additional support for low achieving students.*
- *Guide students to develop critical thinking, decision-making, organizational and communication skills resulting in confident, self-directed learners.*
- *Provide exploratory opportunities to students in an effort to address the needs of the early adolescent.*
- *Provide a comprehensive educational program that includes academics, the arts, vocational technology, health, wellness, and fitness.*
- *Provide a professional development program to staff to support the delivery of this program to the entire student population, including special needs students.*

Opportunities for Parental Involvement

Laguna Middle School offers a multitude of ways for parents to become involved with the school. Through signups at the beginning of the year, and via the volunteer tab on the school website, many parents commit to be involved according to their availability and areas of interest. The options available include school day activities within the classroom, assisting with teacher materials preparation, volunteering in the office and library, and membership on the School Site Council, PTA, and English Learner Advisory Committee. We also rely on parent volunteers for 8th Grade Career Day, Safe School Advisory, parent planning committees and chaperoning events. Large events such as our 3-Mile Run and our 8th Grade Promotion Events rely heavy on the help of our parent volunteers. The school newsletters regularly seek to involve parents in active participation with school departments' student activities. Parent Education Nights provide an opportunity for parents to learn about a variety of topics related to their child's development. For further information, please call the school at 805-596-4055, Ext. 2002.

III. School Climate

School Safety Plan

The Laguna Safe Schools Plan is reviewed and updated each year by the School Safety Committee. The plan covers all events, including fire, spills, earthquake, nuclear, campus intruder, evacuation, sheltering, safety, and sanitation. The plan was updated and then reviewed with staff and the School Site Council in March 2015.

Suspensions and Expulsions

This table displays the rate of suspensions and expulsions (the total number of incidents divided by the total enrollment) at the school and district levels for the most recent three-year period.

IV. School Facilities

Facility Conditions and Planned Improvements

The district takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the district uses a facility survey instrument developed by the State of California Office of Public School Construction. The results of this survey are available at the Buildings, Grounds and Transportation office.

Following is more specific information on the condition of the school and the efforts made to ensure that students are provided with a clean, safe, and functional learning environment.

Age of School Buildings

Laguna Middle School has 42 classrooms, a multipurpose room, gymnasium, locker rooms, a library and an office. The main campus was built in 1968 and an addition was constructed in 1998.

Maintenance and Repair

The district maintenance staff ensures that repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority. Many of our facilities were rehabilitated as part of our Measure

A Building Program which began in 1996. District facilities are in very good shape.

Cleaning Process and Schedule

The Board of Education has adopted cleaning standards for all schools in the district. A summary of these standards is available at Buildings, Grounds and Transportation. The principal works daily with the custodial staff to develop cleaning schedules to ensure a clean and safe school.

Deferred Maintenance Budget

The district participates in the State School Deferred Maintenance Program, which is one of the programs included in SBX34 and is allowed the flexibility to be used for any educational purpose. The District has continued using the state funding to assist school districts with expenditures for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems.

Deferred Maintenance Projects

The complete deferred maintenance plan, approved by the Board of Education, is available at the Buildings, Grounds and Transportation office.

School Facility Good Repair Status

This table displays the results of the most recently completed school site inspection to determine the school facility's good repair status.

Adequate Yearly Progress

The federal NCLB Act requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state's standards-based assessments in English-language arts (ELA) and mathematics;
- Percent proficient on the state's standards-based assessments in ELA and mathematics;
- API as an additional indicator; and
- Graduation rate for secondary schools.

Detailed information about AYP, including participation rates and percent proficient results by student group, can be found at the AYP Web page at <http://www.cde.ca.gov/ta/ac/ay/>.

After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. Detailed information about PI identification can be found at the AYP Web page at <http://www.cde.ca.gov/ta/ac/ay/>.

XI. Instructional Planning and Scheduling

Professional Development

The district funds an extensive professional development program using federal Title I Professional Development funds, Title II Teacher Quality funds, Title III Limited-English-Proficient funds, district funds, and site monies. All staff members have access to the comprehensive Professional Development Calendar that is developed annually.

The district's focus for staff development has been concentrated in the areas of Common Core State Standards, assessment, writing, mathematics, reading and mathematics interventions, Career Technical Education support for high quality classroom instruction with a new exploration of the Next Generation Science Standards. Although most of our students are achieving at high levels, some of our student populations are not. This data has provided the impetus for our District Initiatives and staff development. Professional development days are scheduled annually to provide needed training.

Various methods of support are provided to assist teachers with the implementation of professional development goals, including the following:

- Weekly collaboration time for all teachers;
- Release time using substitutes;
- Student performance data reports available in illuminate;
- Assistance from EL Specialists, Instructional Coaches, and Teachers-on-Special Assignment.

Professional development days are scheduled annually to provide training on specific curricular areas, and/or assessment.

The School Accountability Report Card (SARC), required by law to be published annually, contains information about the condition and performance of each California public school. More information about SARC requirements is available on the SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>. For additional information about this school, parents and community members should contact the school principal or the district office.
