

# after school classes

1010 Broad Street, *west end of Mission Plaza*, San Luis Obispo **SLOMA.ORG**

Since its founding in 1968, the Museum of Art's youth art education program has been igniting a passion for the visual arts in generations of children and teenagers throughout San Luis Obispo County—always valuing the process of art making over the final product, with a curriculum that explores contemporary art, experiences the creative process, excites imaginations, encourages problem solving, and engages professional teaching artists. Art classes are based on the California State Visual and Performing Arts Content Standards, K–12. The Museum's sessions are designed so that students learn sequentially from every previous session. Full and partial scholarships are available.
